

Technologies

Devonshire Corporate Finance Limited has a team of professionals dedicated to servicing clients within the Technology sector. We help firms at all stages of their growth, from start-ups to established businesses within this constantly changing sector, and our team is well-recognised within the field and recognises the needs and solutions required by firms operating in the sector.

We have worked with many clients in this sector assisting these businesses with their development capital and taking them to the public markets or through the sales process.

We are well used to considering the issues faced by business and their owners in this sector. Particular issues could be:

- Succession planning
- Growth and expansion
- Cashflow issues
- Value Enhancement
- Business Disposals
- Flotation

We offer clients advice in all areas including mergers and acquisitions, selling their business, and general commercial issues. In this fast moving sector our clients require a dynamic team of advisors who understand the issues they face over the short, medium and long term.
